

Amity Planning Board  
Meeting Minutes  
May 2007

Call to Order: Ms. Lois Reynolds called the meeting to order

Present: Ms. Lois Reynolds, Mr. Robert Ellis and Mr. Randy Potter

Absent: Ms. Gail Funk and Mr. Frank Pasquale

Ms. Reynolds discussed having Judy Hurd do the minutes for the meetings and keeping Judy as an alternate.

Bob Ellis will make sure that everyone is registered for the May 16<sup>th</sup> meeting at the Crossroads Center.

The Belmont Fire Department is checking about acquiring the land between them and Accord for the construction of a new fire hall.

The questionnaire for the residents of the Town of Amity is ready to be distributed.

Ms. Reynolds saw a drawing from the Betterment Association showing what they would like to see done in the village in the future. It was stated that grant money would be used.

The Planning Board would like to talk to the Amity Lake Association about their charter. David Green is the head of the association but has not been able to be reached by phone.

The county is trying to pass legislation to remove the law about having the court house in the county seat. There are concerns with the problem that there is no sewer system out at the new jail and the village does not support taking its system out there. The current system that is in place for the jail is only good for 5 years. If a court system is built out on Route 19 a separate system would have to be put in place.

Meeting adjourned by Robert Ellis, seconded by Ms. Lois Reynolds
